BULLETIN

Local Lodge 764 Political Action Website

In an effort to help keep our members informed about political events and legislation that affects our lives, Local Lodge 764 has developed a Political Action Website. We invite all of our members to visit the website and become familiar with the actions your Provincial and Federal governments are undertaking that impact you and your families quality of life and standard of living.

Our hope is that you will take some initiative and become involved in our country's democratic political system. We would hope that you would take a few minutes of your time and make yourself aware of legislation that your elected employees are enacting that will impact on your day to day lives. Educate yourselves about what is happening in our province and country and make your opinion heard by those who can influence these issues.

The website is designed to be one stop shopping for everything you will need to educate yourself about current events and how and where to become involved if you so chose. Articles about issues that directly impact on your lives, contact information for MLAs and MPs and links to other websites and articles.

We did not want to clutter up our own LL764 website with political messaging so we have chosen instead to create a separate political action website that is easily linked from the homepage of our own LL764 website www.iam764.ca. You will find a "Political Action" link on the right hand side of our homepage under the "More 764" section. Select it and it will open up the Political Action Homepage.

Please take the time to visit the website frequently and stay informed. If you couldn't be bothered to take the time and make the effort to stand up for you and your family who do you think is going to do it for you? We get the type of government we deserve. Our collective apathy gave them the false impression that no one cared if they shut down democracy in our country for 3 months. Please get involved and hold them all accountable to their employers – the voters.

Respectfully,

**** PLEASE POST ****

Christopher Hiscock, President
Canadian Airways Lodge 764
