June 2, 2009 Update

Your IAM Clerical Bargaining Committee began direct Collective Bargaining discussions with Air Canada on June 1st, 2009. These talks were not pre-planned, but rather became necessary in order to secure your jobs and pensions through these troubling economic times.

We have carefully read all the suggestions from the Negotiations Surveys and are working together with the Finance and TMOS Negotiating Committees in order to achieve a fair and equitable Clerical contract.

Please be assured that your committee remains firm that any proposed deal must be ratified by you before final agreement is concluded.

We thank you for your continued support.

Paul Lefebvre
General Chairperson
IAM Clerical Negotiations Committee
