We are the largest unionized workforce at Air Canada. We perform all of the work below the wing as well as the maintenance on the company's aircraft. Without us it's all grounded.

### **Negots Update Bulletin April 28, 2009**

We would like to thank all of our members who took the time to fill out the survey and tell us their thoughts and issues. The response results were overwhelming.

This week your negotiations team will be meeting internally to tabulate the results and formulate an agenda for the joint meetings with the Company.

Although no date for joint meetings with the company have been set, we will continue to prepare our agenda items.

In Solidarity,

General Chairperson DL140 and Negotiations Co-Chair
