PDGC Chuck Atkinson address
the negots team members on
the offer from Air Canada
regarding the pension support

May 01, 2009 Negotiation
Update Bulletin

We are the largest unionized workforce at Air Canada. We perform all of the work below the wing as well as the maintenance on the company's aircraft. Without us it's all grounded.

Negots Update Bulletin May 15, 2009

In our commitment to keep you informed during our negotiations with Air Canada. This week your negotiations team spent the week together continuing our review of the items for the agenda. A lot of good healthy debate took place as we worked to prepare the agenda. Compilation and research of all your input takes time to prepare.

While the agenda is still in the process of being developed, we hope that by the time our next scheduled session is completed we will have an agenda of items ready to present to the company when that time comes to meet jointly.

There is a lot of speculation in the media regarding Air Canada's financial situation, Company propaganda being circulated directly to our Members in the workplace as well as to their homes.

Unfortunately this creates numerous rumours and uncertainty.

Your Bargaining Committee requests the Membership wait for an official and factual response from the Union.

We appreciate your continued support.

In Solidarity,

General Chairperson D140
Negots Co-Chair
